Reader School

# About Us

## Objectives

1. To build a virtual phonetics, merriment educational institute. The school focuses on the cognitive, emotional and socio-moral development of pupils.
2. To create a curriculum that supports the development of student healthy minds and motivated and excited to learn.
3. To establish the talent gear profiling on each student in our virtual platform.
4. To Introduce "the learning type theory" to practice "basic conceptual flaws" of virtual activity for all students.

Our mission is to enrich pedagogy to the pupil, to foster evolving intellectual and learning efficiency in the cognitive way of their academic and socio-moral development for unfolding betterment of competitive life.

## Mission

## Vision

Our vision is to create a virtual place for life-long learning relying on a holistic and reflective approach for developing the curriculum which reflects trusted, respectful, healthy and wellbeing relationship with pupils, practitioner and parents.
